

## **IEC System for Certification to Standards Relating to Equipment for Use in Renewable Energy Applications (IECRE System)**

### **Document overview IECRE WE (document map) (informative)**

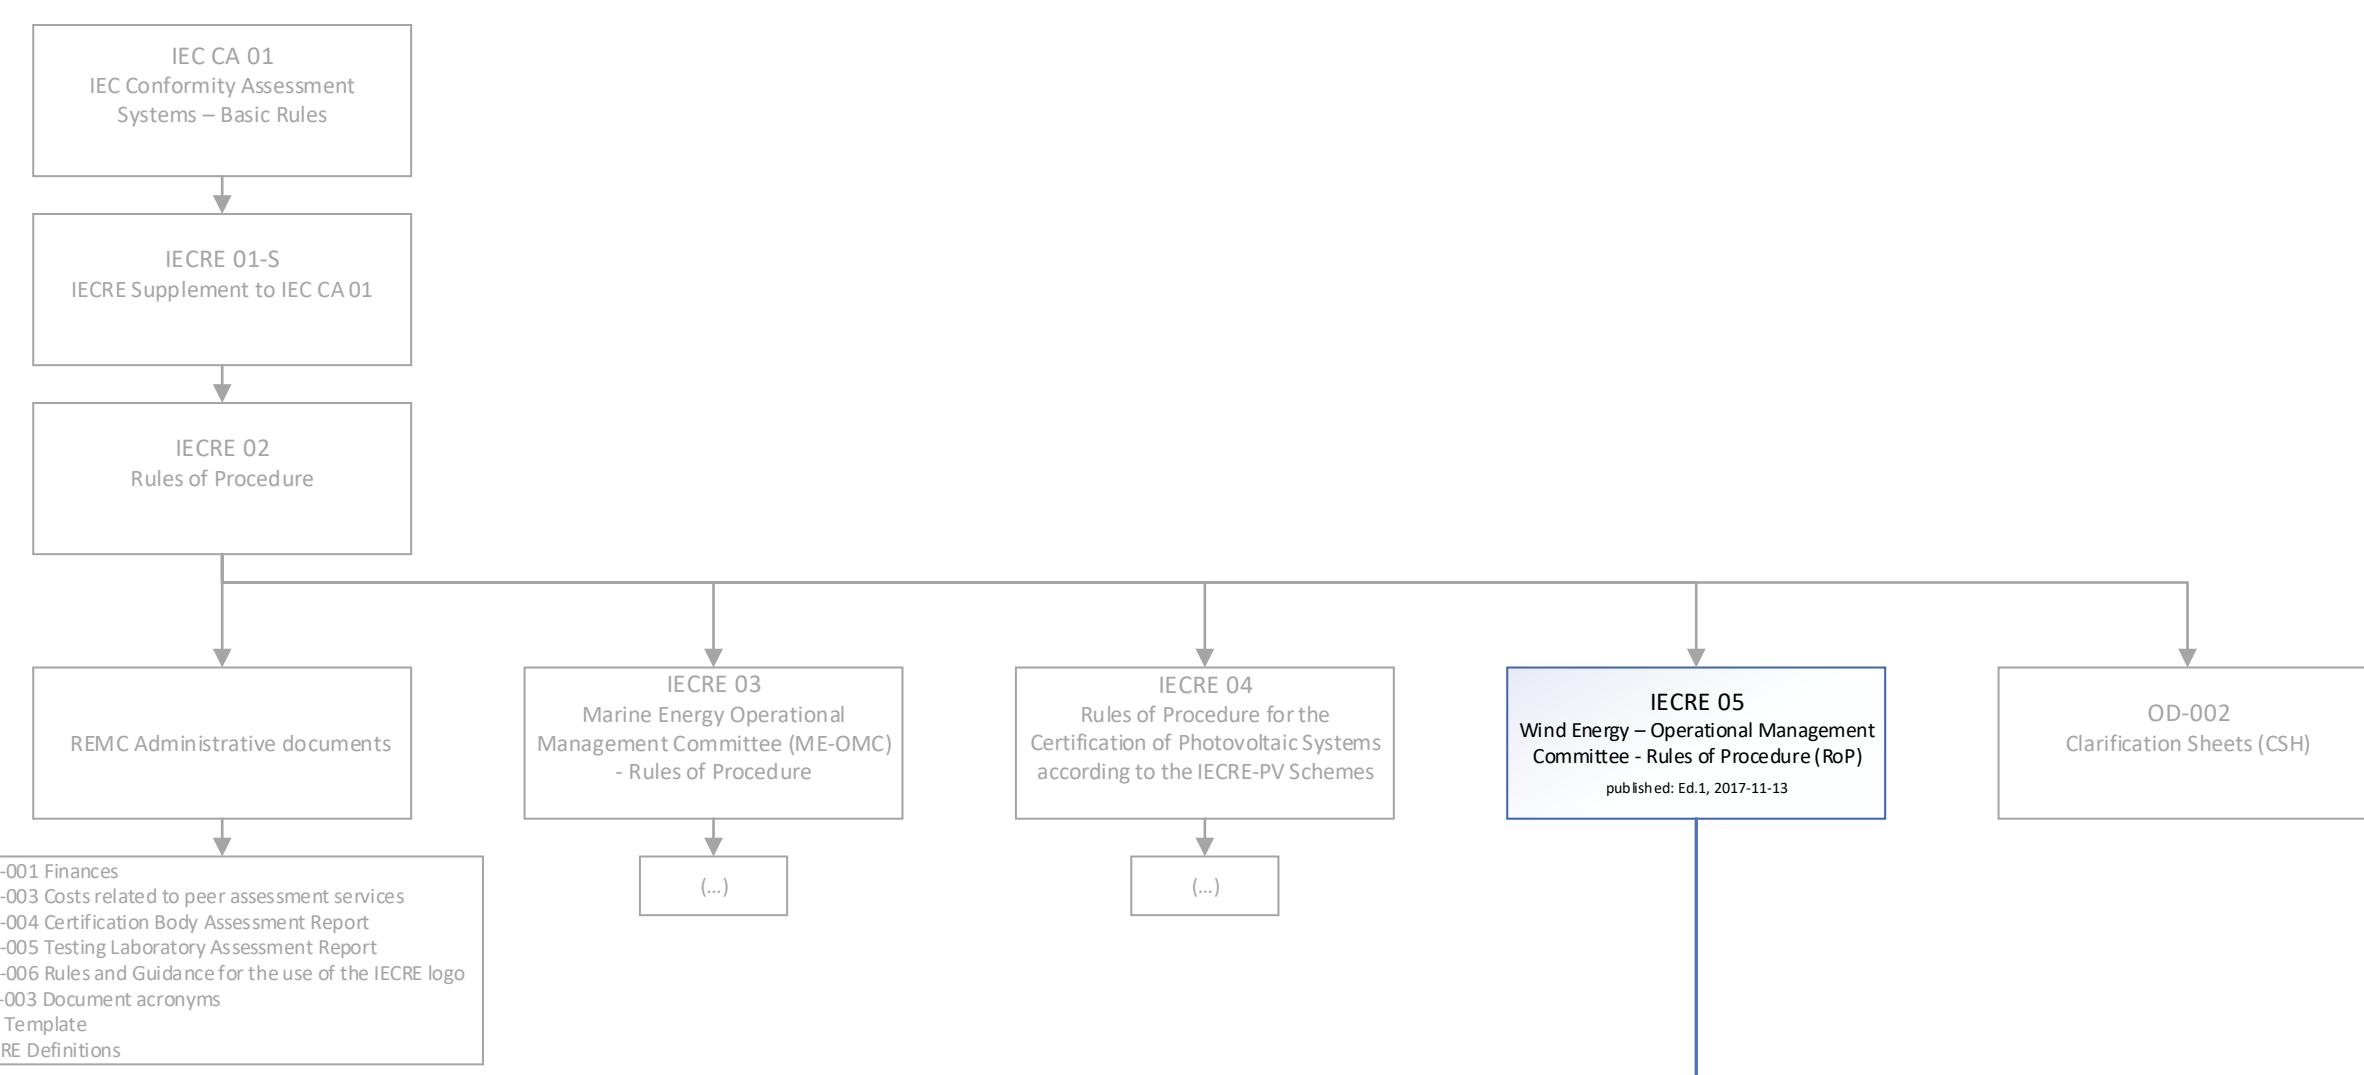

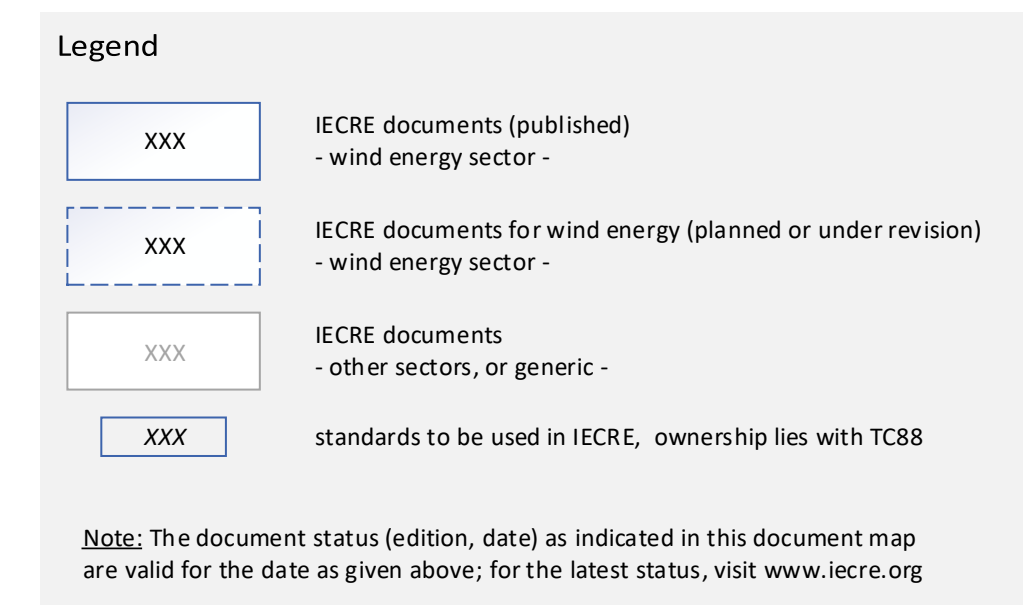

The schematic on the following page illustrates the present hierarchy of the IECRE documents applicable to the wind energy sector.

The purpose of this note is:

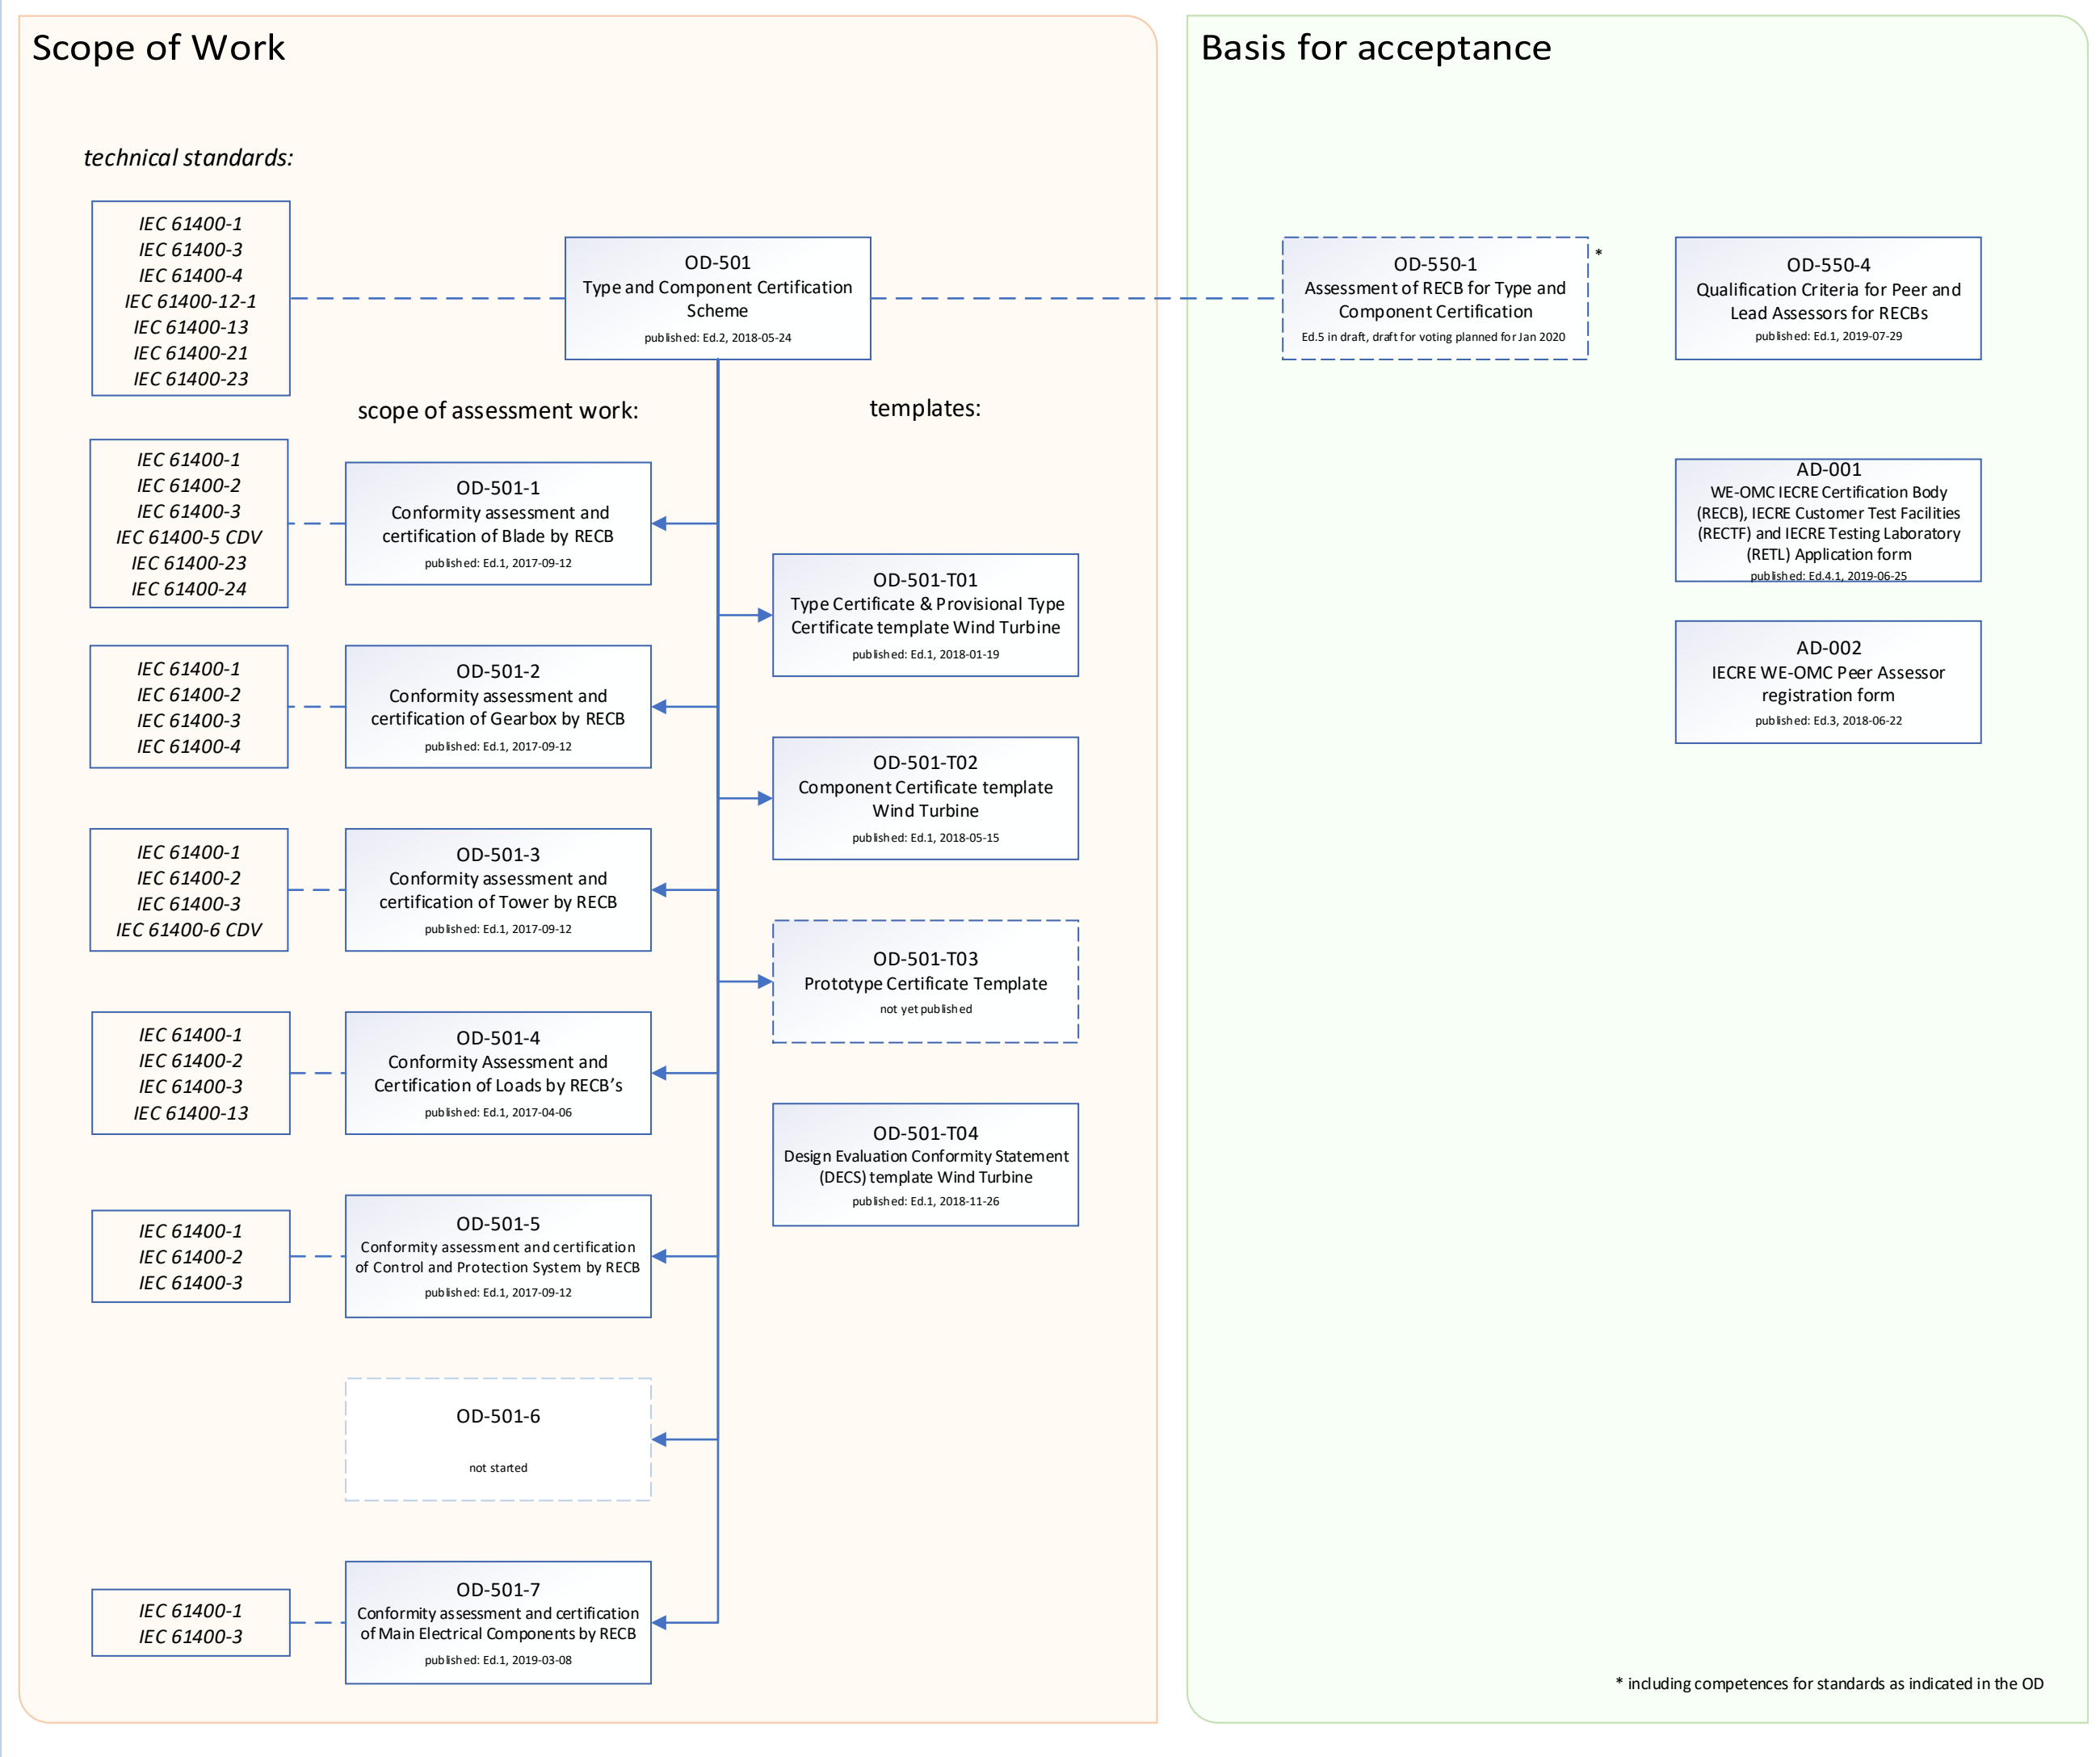

- to provide an overview of existing and planned documents,
- show their interconnections,
- and thus facilitate the use of the system.

This note is for information only and has no normative character.

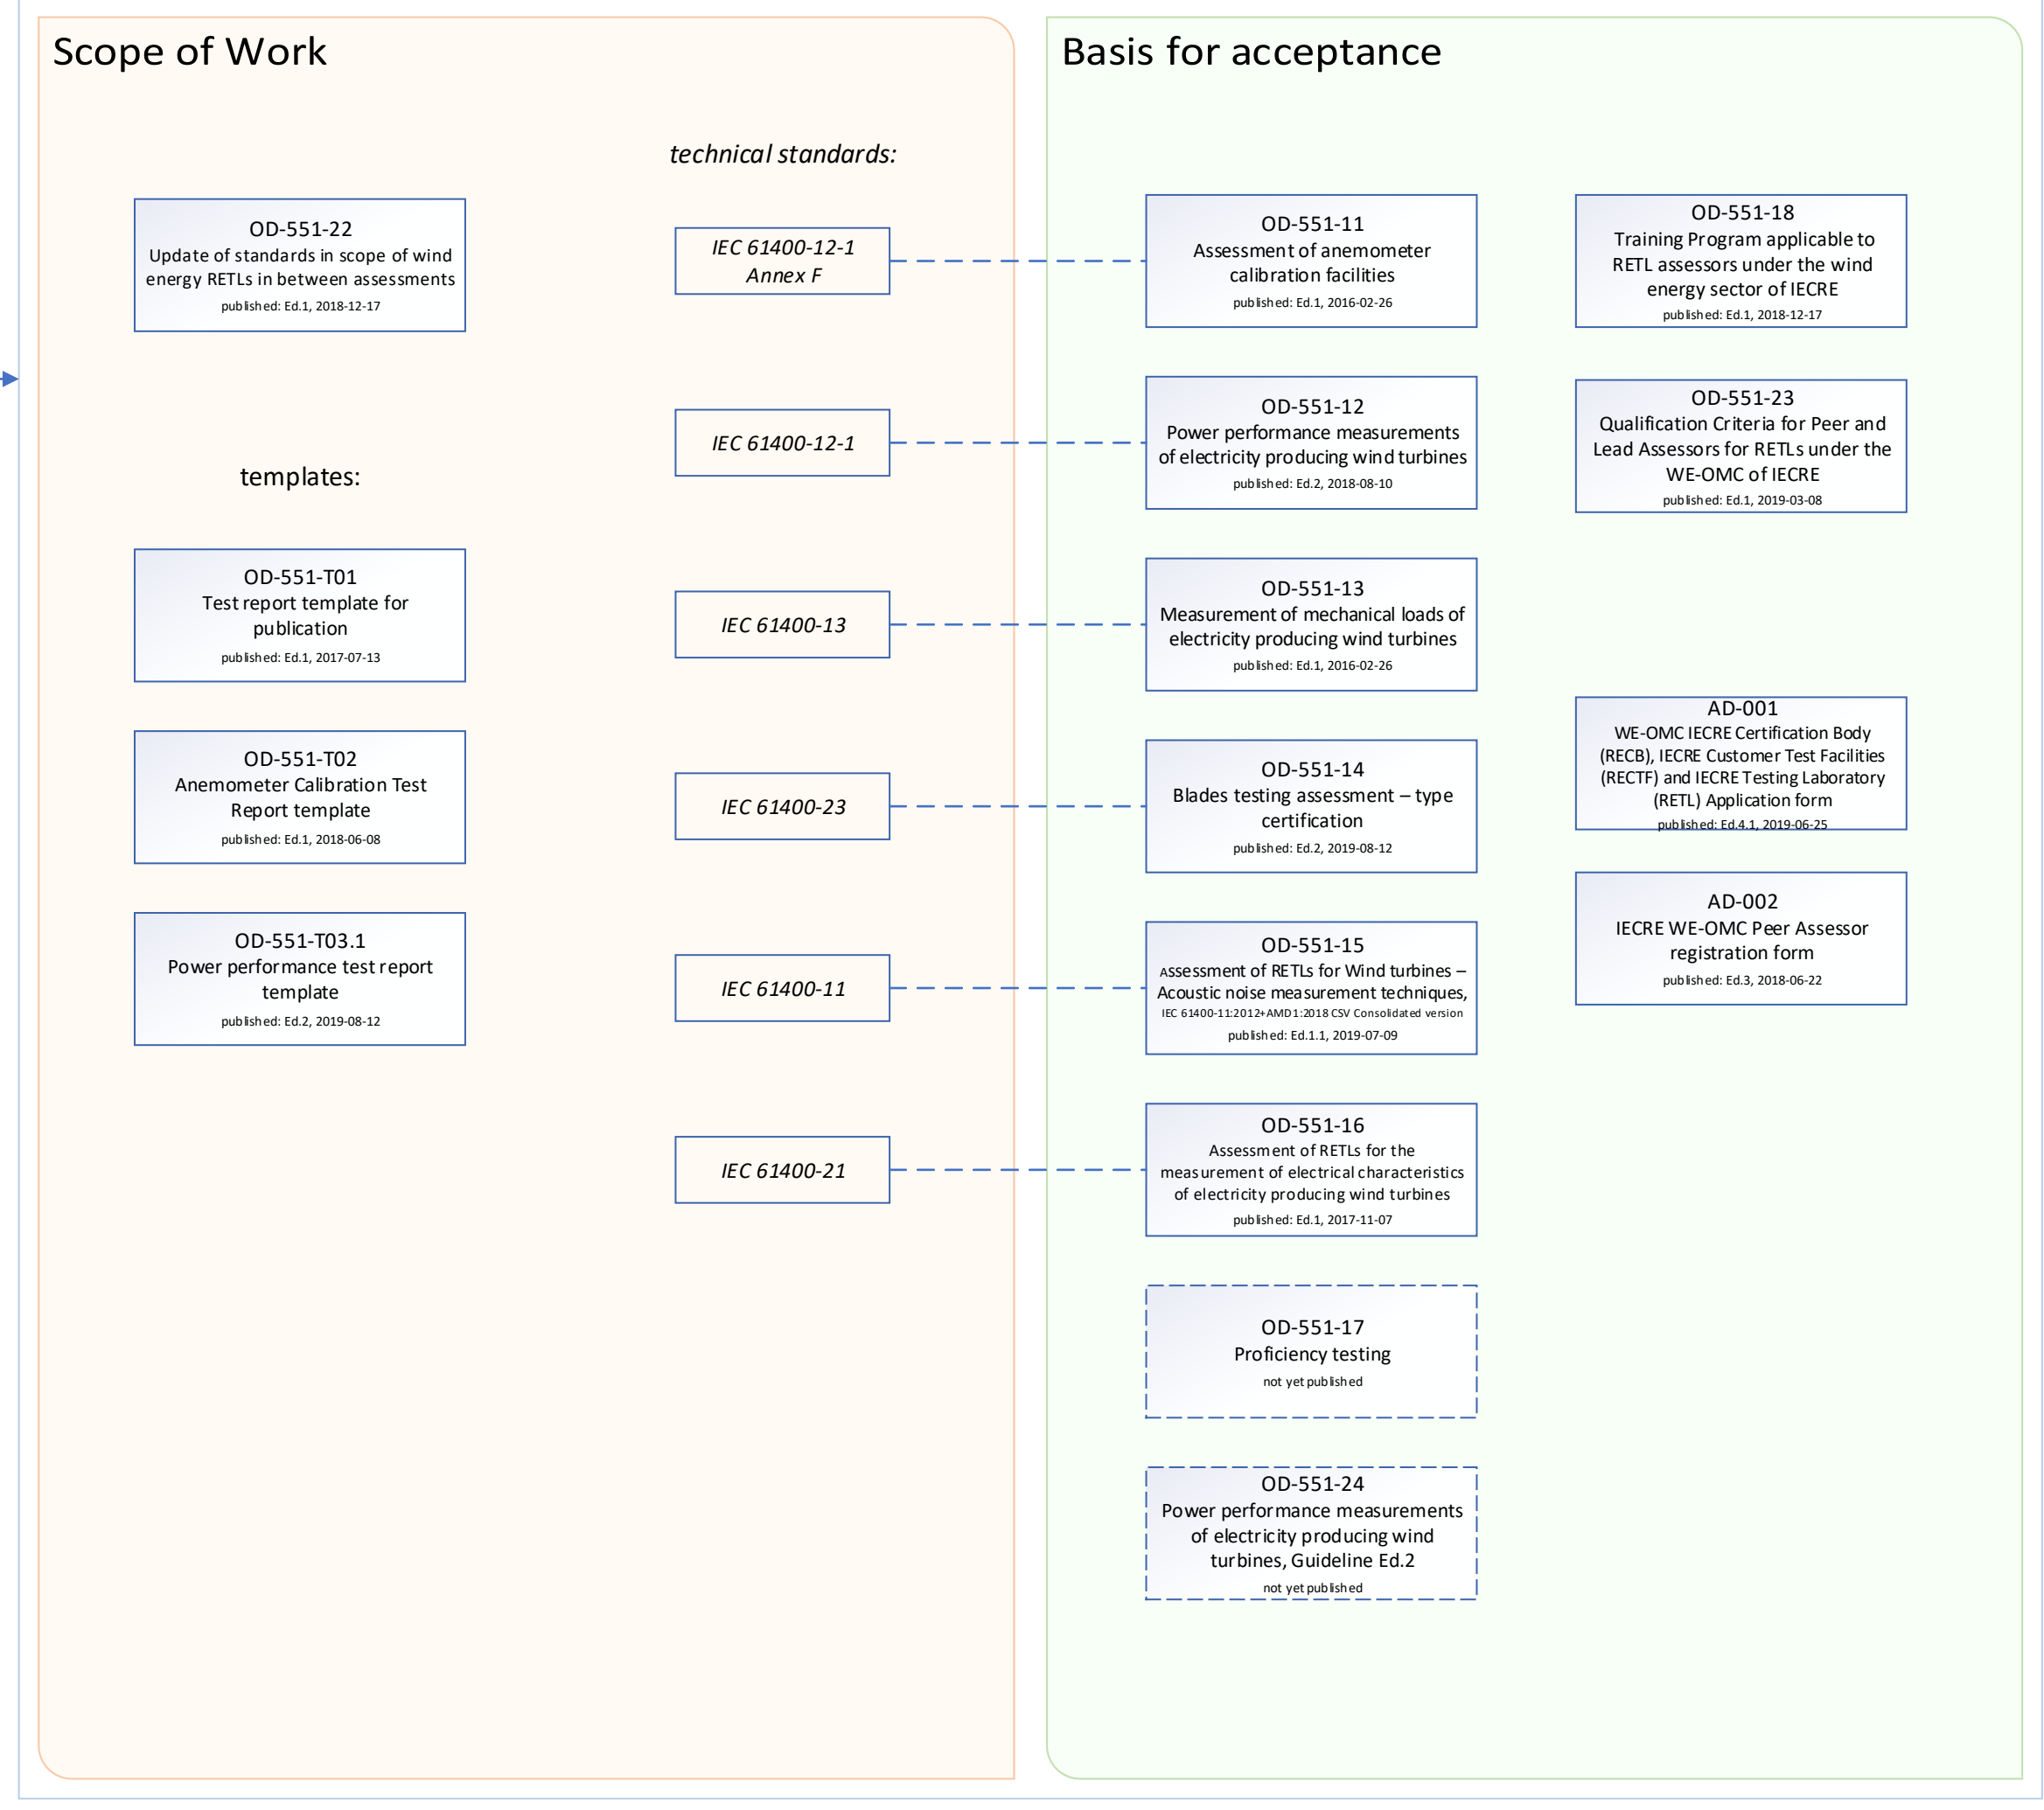

IECRE Working Group 501 intends to frequently revise this note, in order to keep it up to date when new document revisions are put in place.
